Your contribution is their smile

Their smile is the grace of Manthan and their ability is the strength of Manthan.

Friends, no doubt, the under-privileged children studying at Manthan SVKs are blessed with talent, but it is dormant. They are capable of becoming top performers in many subjects, but need a platform. They are willing to study, but have a lack of resources. So, let us step ahead, understand their problems, and help them prove their worth.

This is a gentle appeal to all our readers that your contribution in cash or kind can help an innocent child enter the progressive phase of his life.

You can adopt a child by sponsoring him/her or make small donations that would be used in their stationery, skilful activities, leisure trips, and counselling of parents.

We Endeavor...

Divya Jyoti Jagrati Sansthan's social initiative for underprivileged children "Manthan- Sampoon Vikas Kendra (SVK)" is engrossed in its jubilant journey to shaping the young intellectuals of tomorrow. Moral, ethical, and cultural values are the pillars of these SVKs that arouse in children the love for their nation. The adeptness of Manthan-SVK kids in academics and extra-curricular activities foreshadows their bright future.

On-going activities at SVKs are instrumental in making the ambience vibrant and cheerful. This is, indeed, the harbinger of effervescent smiles of the optimistic kids.
